- \$800 rebate is available for battery-only electric vehicles.
- \$400 rebate is available for plug-in hybrids with an EPA-rated 20 mile electric charge.
- Vehicle must be registered in Vermont.
- By signing this form, you are authorizing your utility to confirm your information with VPPSA.
- VPPSA reserves the right to modify or end this offer at any time.
- Offer valid for vehicles purchased or leased from November 1, 2018 to December 31, 2019
- Rebate form and supporting documents must be submitted to VPPSA by June 30, 2020.

WHY GO ELECTRIC?

Electric vehicles reduce fossil fuel use and can save money on fuel and maintenance costs compared to conventional gasoline-powered vehicles.

- Driving an electric vehicle is like paying \$1.50/gallon of gas.
- EVs are primarily powered by electricity instead of liquid fuels and produce no tailpipe emissions.

FOR MORE INFORMATION

Visit Drive Electric Vermont online at driveelectricvt.com for more information on:

- Electric vehicles
- EV dealers
- Charging station locations in Vermont

Your municipal electric utility is offering this incentive as part of its effort to meet Vermont's Renewable Energy Standard, which supports utility programs that help customers reduce fossil fuel use from heating and transportation.
